STUDENTS' SATISFACTION SURVEY

Students are the most important stakeholders of an educational institution. For the overall development of the institution, it is evident to take feedback from students and the institution should take appropriate action accordingly. In order to capture the experiences of students for the academic session 2020-2021, a questionnaire of different parameters has been framed and forwarded online. The questionnaire of the survey includes 20 questions to which responses are given anonymously by the students of the institution with the help of Google Forms (<https://forms.gle/JssgVuUPnGbt9aNo7>). However, besides the parameters students were given opportunity to comment upon or provide suggestions on any matter related to their improvement

The survey components include institute level feedback on infrastructure and learning experiences. The outcome of the survey will help to reach the objective of the institution. This will also help to initiate remedial action to improve the facilities whenever and wherever it is required. The result of the survey will provide a base to plan for the future.

The analysis of the survey conducted shows that, more than 85% students were highly satisfied on the Teaching Learning Process of the institution. Students have expressed satisfaction over the syllabus covered in their classes and laboratories. The survey questions include the parameter like facilities, syllabus, course outcomes and related activities in the college revealed that the students are over all satisfied. At the same time the students highly appreciated and satisfied with the implementation of learning outcome-based curriculum which includes communication of teacher with students, teaching methodology, seminar works and it's follow up made by the faculty throughout the semester. They also satisfied and acknowledged the effort put by the faculty in promoting and conducting workshops, seminars especially field trips, Interdisciplinary Learning Programmes are very much helpful to them to see the world beyond their prescribed curriculum and also motivating them to learn other subject or practical. The parameter like faculty participation in identifying strength and weaknesses to strengthen and overcome those respectively, institutional ability in inculcating soft skills, life skills and employment skills among the students to the world of words, teaching with ICT tools

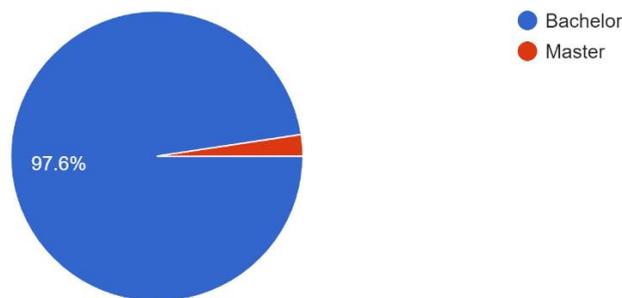

by the faculty along with the appropriate teaching Pedagogy has been rated high in the survey.

Some of the infrastructural deficiencies like more class rooms more sections more ICT enabled classrooms, modern laboratory are duly apprised to the higher authority for appropriate action. Being a Govt. College, most of these issues are to be addressed by the higher authority.

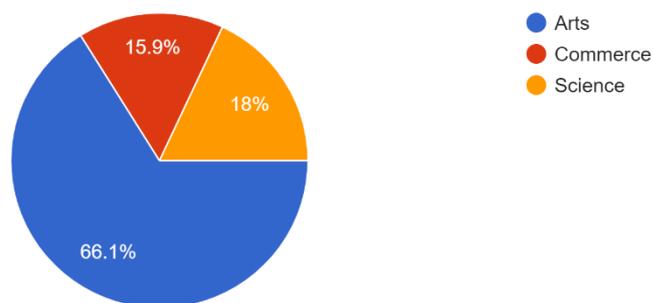

The outcomes of the survey have been outlined below.

OUTCOMES OF THE SURVEY:

Degree/Program Pursuing Now
416 responses

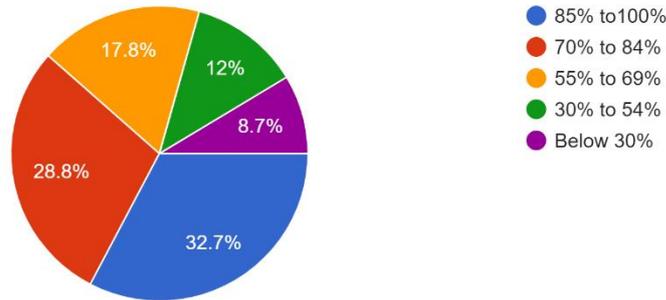

Stream
416 responses

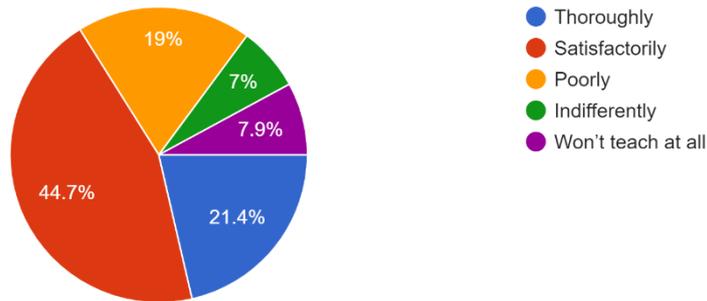

1. How much of the syllabus was covered in the class?

416 responses

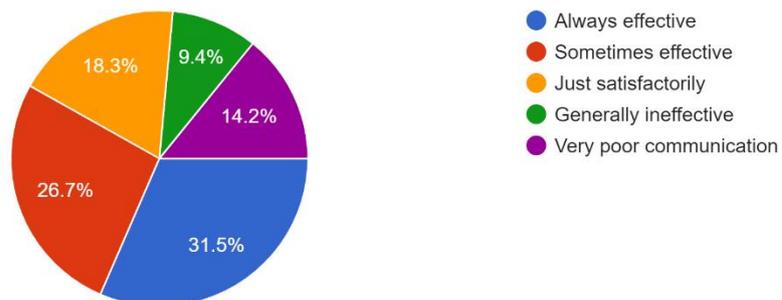

2. How well did the teachers prepare for the classes?

416 responses

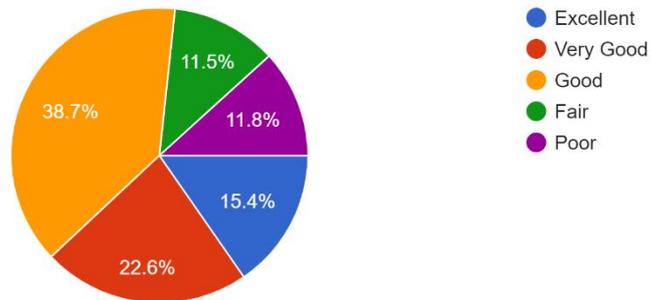

3. How well were the teachers able to communicate?

416 responses

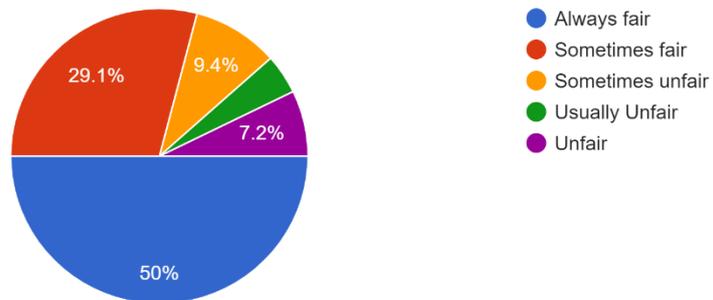

4. The teacher's approach to teaching can best be described as

416 responses

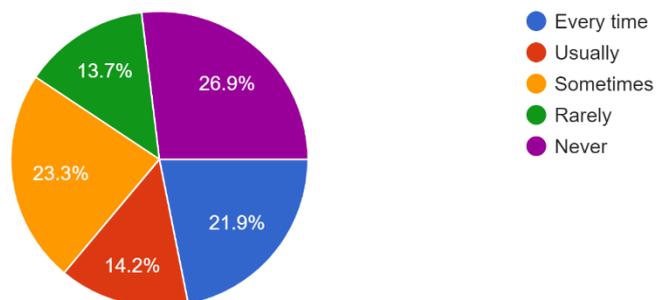

5. Fairness of the internal evaluation process by the teachers.

416 responses

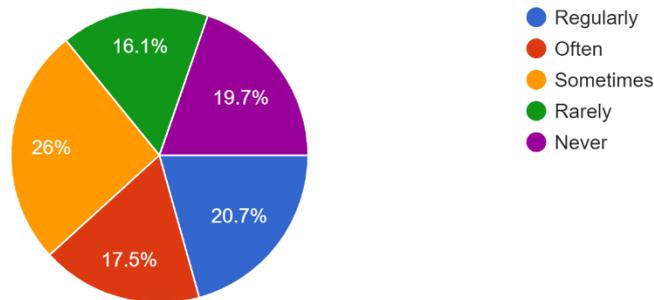

6. Was your performance in assignments discussed with you?

416 responses

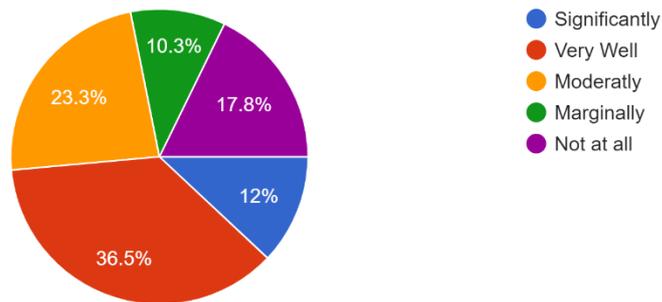

7. The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.

416 responses

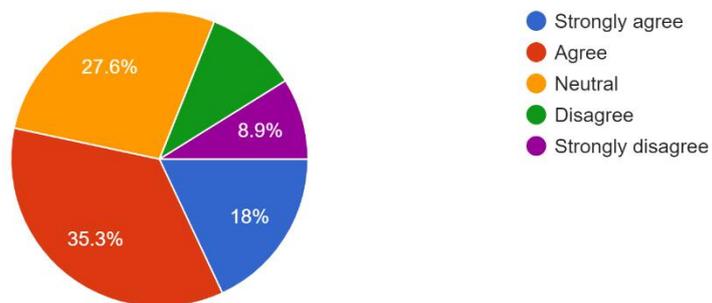

8. The teaching and mentoring process in your institution facilitates you in cognitive, social and emotional growth.

416 responses

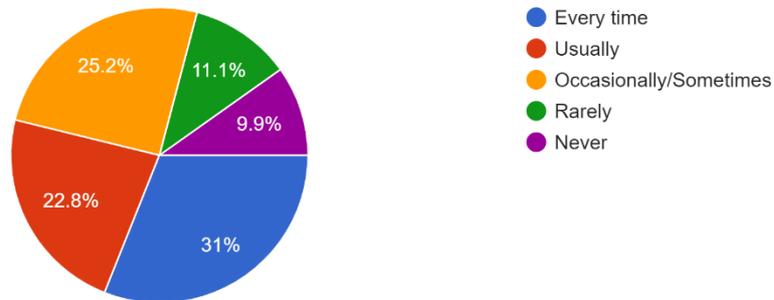

9. The institution provides multiple opportunities to learn and grow.

416 responses

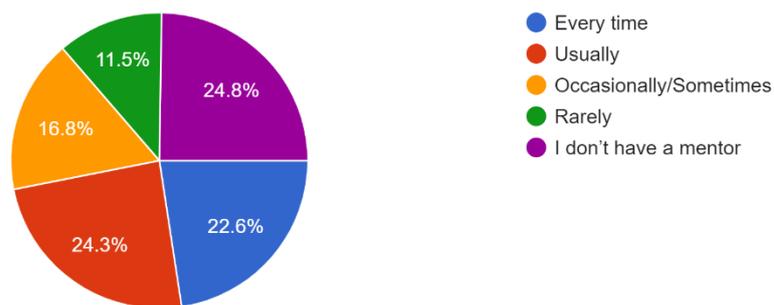

10. Teachers inform you about your expected competencies, course outcomes and programme outcomes.

416 responses

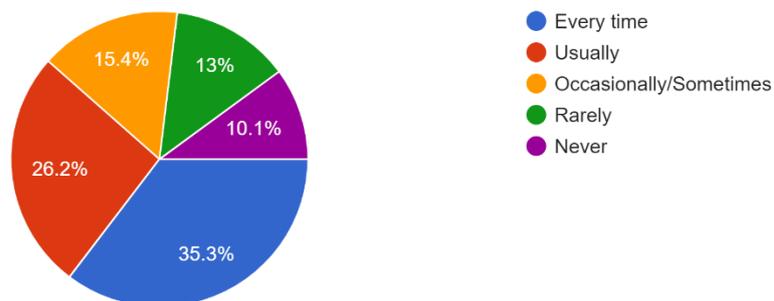

11. Your mentor does a necessary follow-up with an assigned task to you.

416 responses

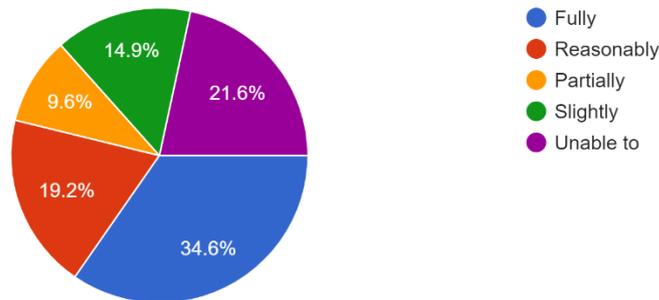

12. The teachers illustrate the concepts through examples and applications.

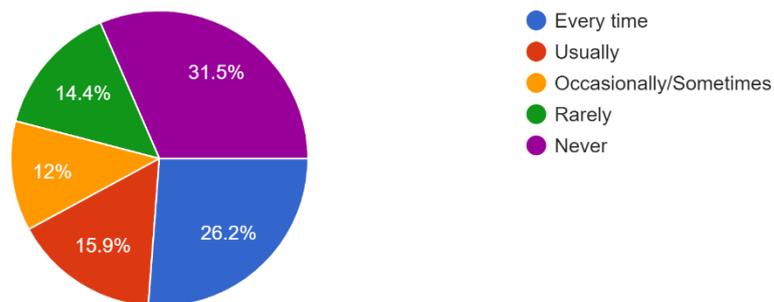

416 responses

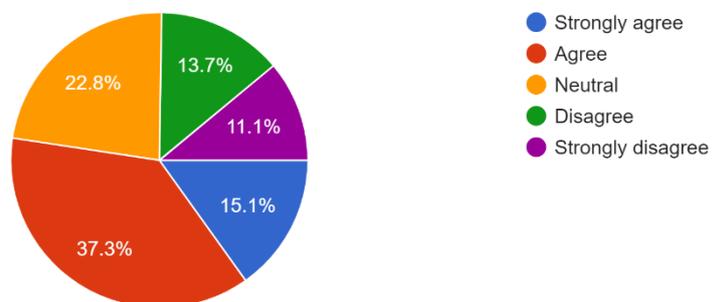

13. The teachers identify your strengths and encourage you with providing right level of
416 responses

14. Teachers are able to identify your weaknesses and help you to overcome them.
416 responses

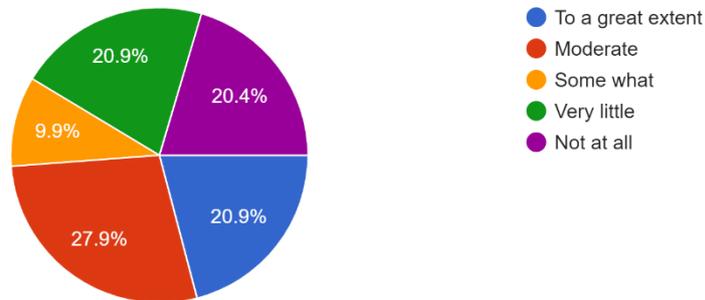

15. The institution makes effort to engage students in the monitoring, review and continuous
quality improvement of the teaching learning process.
416 responses

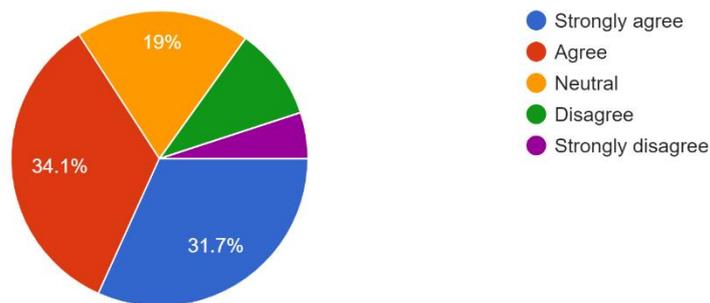

16. The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences.

416 responses

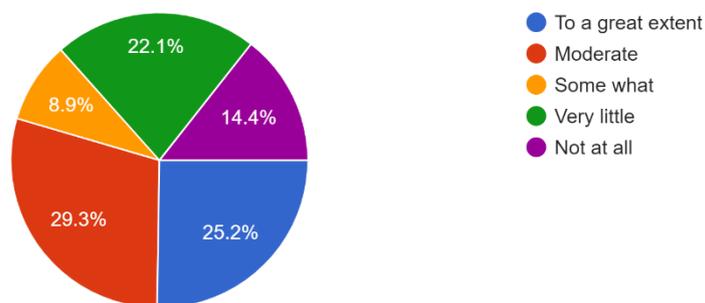

17. Teachers encourage you to participate in extracurricular activities.

416 responses

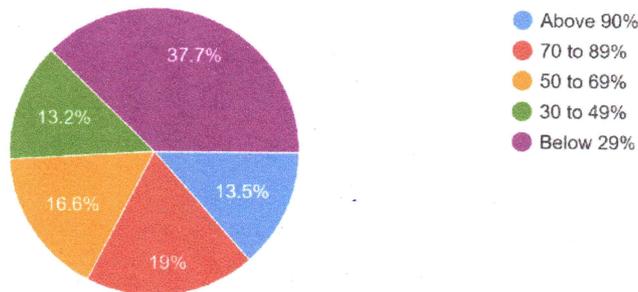

18. Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work.

416 responses

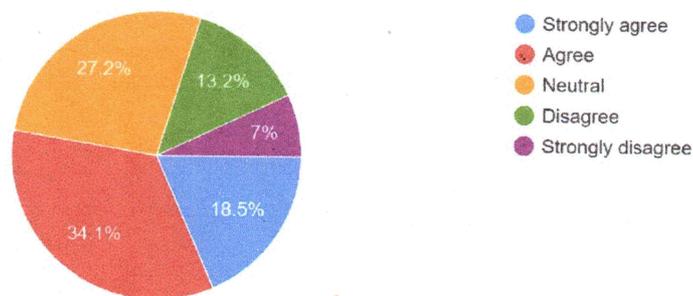

19. What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.

416 responses

20. The overall quality of teaching-learning process in your institute is very good.

416 responses

21. Give three observation / suggestions to improve the overall teaching learning experience in your institution.
