

**STUDENTS' SATISFACTION SURVEY 2021-2022**

Students are the most important stakeholders of an educational institution. For the overall development of the institution, it is evident to take feedback from students and the institution should take appropriate action accordingly. In order to capture the experiences of students for the academic session 2021-2022, a questionnaire of different parameters has been framed and forwarded online. The questionnaire of the survey includes 20 questions to which responses are given anonymously by the students of the institution with the help of Google Forms (<https://forms.gle/JssgVuUPnGbt9aN07>). However, besides the parameters students were given opportunity to comment upon or provide suggestions on any matter related to their improvement

The survey components include institute level feedback on infrastructure and learning experiences. The outcome of the survey will help to reach the objective of the institution. This will also help to initiate remedial action to improve the facilities whenever and wherever it is required. The result of the survey will provide a base to plan for the future.

The analysis of the survey conducted shows that, more than 85% students were highly satisfied on the Teaching Learning Process of the institution. Students have expressed satisfaction over the syllabus covered in their classes and laboratories. The survey questions include the parameter like facilities, syllabus, course outcomes and related activities in the college revealed that the students are over all satisfied. At the same time the students highly appreciated and satisfied with the implementation of learning outcome-based curriculum which includes communication of teacher with students, teaching methodology, seminar works and it's follow up made by the faculty throughout the semester. They also satisfied and acknowledged the effort put by the faculty in promoting and conducting workshops, seminars especially field trips, Interdisciplinary Learning Programmes are very much helpful to them to see the world beyond their prescribed curriculum and also motivating them to learn other subject or practical. The parameter like faculty participation in identifying strength and weaknesses to strengthen and overcome those respectively, institutional ability in inculcating soft skills, life skills and employment skills among the students to the world of words, teaching with ICT tools by the faculty along with the appropriate teaching Pedagogy has been rated high in the survey.

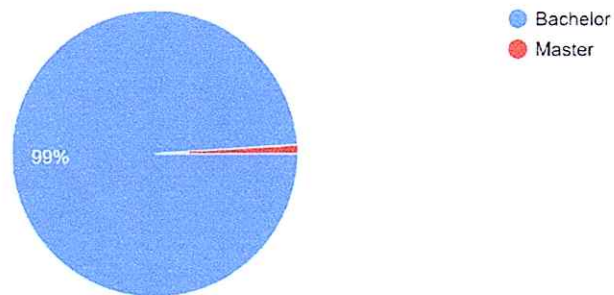

## JAWAHARLAL NEHRU COLLEGE, PASIGHAT: ARUNACHAL PRADESH

Some of the infrastructural deficiencies like more class rooms more sections more ICT enabled classrooms, modern laboratory are duly apprised to the higher authority for appropriate action. Being a Govt. College, most of these issues are to be addressed by the higher authority.

The outcomes of the survey have been outlined below.
